Finishings

The whole world of customization

Logo engraving.

Classic

Advantages

- possible on all porcelain designs and glasses
- also possible on the handle
- completely scratch-resistant and dishwasher-safe
- looks particularly sophisticated
- reverse relief effect with a positive engraving
- low costs, therefore outstanding cost-benefit

Limitations

- engraving is only possible on the exterior

Options

- with orders of 250+*
- larger surface areas, even allround, are possible

Logo engraving.

Positiv

Advantages

- possible on all porcelain designs and glasses
- completely scratch-resistant and dishwasher-safe
- looks particularly sophisticated
- reverse relief effect with a positive engraving
- low costs, therefore outstanding cost-effectiveness

Limitations

- engraving is only possible on the exterior

Options

- on orders of 250+*
- all Pantone® or HKS® colors, metallic, gold and silver colors

* Our standard prices are based on an engraving surface area of 20 cm²

Logo engraving.

With colored background

Advantages

- heightens the effect of white logo engraving
- all Pantone® or HKS® colors are available
- also possible on the handle
- dishwasher-safe

Limitations

- hydro glaze is not 100% scratch-resistant
- not appropriate for demanding everyday catering use

Options

- on orders of 250+*
- all Pantone® or HKS® colors, metallic, gold and silver colors

Hydroglaze.

With logo engraving

Advantages

- all Pantone® or HKS® colors are available
- perfect illustration of corporate identity
- strong color effect, combined with the elegant engraving print
- color glaze is water-based
- completely free of harmful substances and suitable for food
- dishwasher-safe

Limitations

- hydro glaze is not 100% scratch-resistant
- not appropriate for demanding everyday catering use

Options

- all Pantone® or HKS® colors, metallic, gold and silver colors
- silk-matt or high-gloss surfaces
- colored background engraving also possible
- on orders of 250+*

Hydroglaze.

With colored background

Advantages

- heightens the effect of white logo engraving
- all Pantone® or HKS® colors are available
- dishwasher-safe

Limitations

- hydro glaze is not 100% scratch-resistant
- not appropriate for demanding everyday catering use

Options

- on orders of 250+*
- all Pantone® or HKS® colors, metallic, gold and silver colors

Hydroglaze.

With print

Advantages

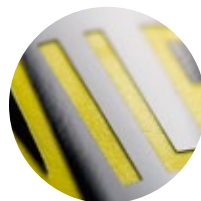

- all HKS® or Pantone® colors are available for the print and for the base color
- matt and gloss surfaces are possible
- perfect illustration of corporate identity
- dishwasher-safe
- color glaze is water-based
- completely free of harmful substances and suitable for food

Limitations

- hydro glaze is not 100% scratch-resistant
- not appropriate for demanding everyday catering use
- finely rasterised motifs or images with color gradients are not suitable

Options

- with orders of 250+
- all Pantone® or HKS® colors, metallic, gold and silver colors
- silk-matt or high-gloss surfaces

Hydroglaze.

With blind embossing

Advantages

- the effect is one of blind embossing
- matt and glossy surfaces are possible
- understatement in color
- dishwasher-safe
- color glaze is water-based
- completely free of harmful substances and suitable for food

Limitations

- hydro glaze is not 100% scratch-resistant
- not appropriate for demanding everyday catering use
- subtle motifs cannot be as deeply engraved and are therefore unsuitable for this technique

Options

- with orders of 250+*
- all Pantone® or HKS® colors, metallic, gold and silver colors
- silk-matt or high-gloss surfaces

Metallic.

Sparkly & SuperSparkly

Advantages

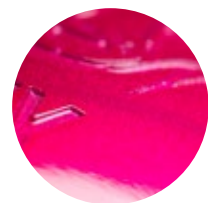

- metallic gloss colors full-surface on porcelain
- special light reflections
- scratch-resistant and dishwasher-safe
- attention-grabbing branding, which appeals to several senses at the same time
- possible in conjunction with decorative print

Limitations

- hydro glaze is not 100% scratch-resistant
- not appropriate for demanding everyday catering use

Options

- with orders of 250+
- SuperSparkly with light light reflections in rainbow colors
- many Pantone® metallic colors
- many gold and silver colors
- high-gloss surfaces

Gloss coating.

Nanometal

Advantages

- finished with a wafer-thin metallic coating
- special light reflections via reflecting surfaces
- logo engraving as a particularly suitable style of branding
- possible in conjunction with decorative print

Limitations

- not suitable for catering
- not suitable for microwaves
- 6 color shade options

Options

- with orders of 250+
- colors available are gold, silver, bordeaux, blue, green, mother of pearl

Partial glaze.

DuoTone

Advantages

- all Pantone® or HKS® colors are available
- perfect illustration of corporate identity
- strong color effect, combined with the elegant engraving print
- color glaze is water-based
- completely free of harmful substances and suitable for food
- dishwasher-safe

Limitations

- hydro glaze is not 100% scratch-resistant
- not appropriate for demanding everyday catering use

Options

- Hydro- & Nanometal
- Hydro in two colors
- Hydro with white
- with orders of 250+

Modern & robust.

Concrete surface

Advantages

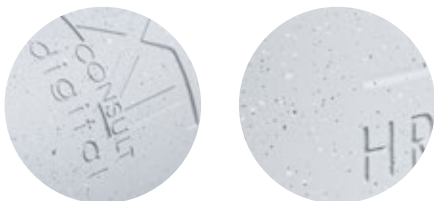

- eye-catching and moderne look
- large logos or bold typefaces are most effective
- color glaze is water-based
- completely free of harmful substances and suitable for food

Limitations

- hydro glaze is not 100% scratch-resistant
- not appropriate for demanding everyday catering use
- subtle motifs cannot be as deeply engraved and are therefore unsuitable for this technique
- cannot be combined with printing

Options

- with orders of 250+

Ceramic glaze.

Exterior & interior

Advantages

- scratch-resistant
- suitable for demanding everyday catering use
- fired at a temperature of 850°C
- cup can be completely colored
- dishwasher-safe
- high-gloss surface

Limitations

- not all colors can be used
- color effect must be assessed in individual cases
- certain colors contain precious metals (e.g. many pink and magenta-like colors) and are therefore subject to a not insubstantial surcharge

Options

- with orders of 250+
- many Pantone® or HKS® colors

Transfer printing.

High level

Advantages

- brilliant photo-realistic motifs in offset quality
- gold and silver also available as real precious metal preparations
- dishwasher-safe
- scratch-resistant and durable
- free from harmful substances (inspection certificate by Hansecontrol available on request subject to a charge)
- combination of high-gloss and silk-matt decoration elements possible

Limitations

- not all HKS® or Pantone® colors are possible
- certain colors contain precious metals (e.g. many pink and magenta-like colors) and are therefore subject to a not insubstantial surcharge
- not suitable for colored porcelain glazes
- outstanding print quality only possible with very high-resolution print data

Options

- with orders of 250+

Transfer printing.

Standard

Advantages

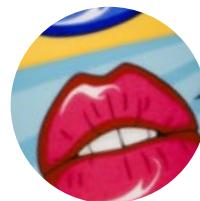

- all surfaces of a cup are printable
- gold and silver also available as real precious metal preparations
- scratch-resistant and dishwasher-safe
- free from harmful substances (inspection certificate by Hansecontrol available on request subject to a charge)
- well suited for full-tone color line print motifs

Limitations

- not all HKS® or Pantone® colors are possible
- certain colors contain precious metals (e.g. many pink and magenta-like colors) and are therefore subject to a not insubstantial surcharge
- less suitable for photo-realistic motifs
- optimum color transfer is only on white porcelain

Options

- with orders of 250+
- full-surface decoration or only partial decoration in logo size

Soft touch.

Velvety

Advantages

- aesthetic enrichment of the surface of a porcelain piece with a very unusual matt quality
- amazing tactility
- great combined with logo engraving and hydro glaze
- dishwasher-safe
- attention-grabbing branding, which appeals to several senses at the same time
- possible in conjunction with decorative print

Limitations

- limited scratch resistance
- only available full-surface on the whole cup exterior, no partial surfaces

Options

- Cup rim with gloss elements
- with orders of 250+

Customized.

Personalisation

Advantages

- name inscription for just one item
- as print/type
- as handwriting
- as logo engraving
- dishwasher-safe and scratchresistant
- possible in conjunction with decorative print

Limitations

- when inscripting via printing or handwriting the area for the name has to be white
- names must be supplied in vector format, otherwise additional graphic design charges apply

Options

- only smaller quantities can be personalized with the minimum
- no limitations with regard to the maximum order
- in conjunction with individual and/or direct dispatch
- order for the main finish of 250+

Crystal.

Swarovski Crystallized

Advantages

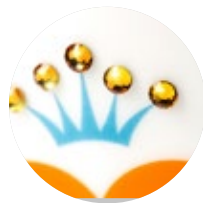

- accents given by individual crystals or entire motifs from different-sized Swarovski crystals
- special light reflections
- dishwasher-safe, but hand washing is recommended
- pure elegance
- possible in conjunction with decorative print

Limitations

- relatively expensive, depending on number of crystals

Options

- with orders of 250+
- approx. 30 different crystal colors available
- 4 different crystal sizes
- possible on all porcelain designs

Effects.
